Given the above, I understand that response to treatment varies on an individual basis and that specific results are not guaranteed. Therefore, in consideration for any treatment received, I agree to hold harmless and release from any liability on Spa Catalina as well as any officers, directors, contractors or employees of the above companies for any condition or result, known or unknown that may arise as a consequence of any treatment that I receive.

GENERAL RISKS
Eye injury due to use of the laser system is a risk to the patient and to the clinician, however, the risks are dramatically reduced?(almost completely eliminated) with the use of proper eyewear.
